

Hi Neighbors!

During this uncertain time, we thought it would be a comfort to you, to know that we all have some neighbors to lean on should a need arise.

We are starting a text thread for the homes on our street (*name your street*) as a means to communicate needs for any items (a cup of flour, Kleenex, Tylenol, etc.) or request any other help.

If interested, please text us your name and home number to join the thread.

The (*Last name*) Family, (*Address*)
